The following is an examiner's statement of reasons for allowance:

Claims 1-5 are allowed because the prior art does not disclose or suggest an electronic timepiece having a power generating means, a storage means connected therewith in parallel through an electronic switch, a power generation detecting means, informing means for informing the result of the power generation detecting means to the outside, wherein an external operating member is operated such that a power generation detecting operation can be performed while the electronic switch is turned off by a control means and the informing means informs the detection result to the outside. Specifically, The prior art lacks a switch for turning off the connection between the storage means and power generation means while the detection result is informed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
